Midwives and  
Nurse Practitioners

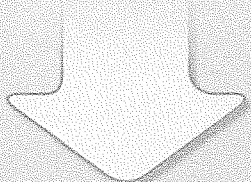

### Strongly Recommended Training

#### **Implanon NXT Online Training Module for Doctors only.**

If you want to insert and remove IMPLANON NXT, it is strongly recommended that you complete the MSD online training module by visiting [www.implanonnxt.com.au](http://www.implanonnxt.com.au).

The Implanon NXT Online Training Module is not yet available for Registered Nurses, Midwives and Nurse Practitioners. MSD is in discussion with the relevant national and professional organisations about additional training requirements.

In the meantime, please call 1800 230 330 to register for a face-to-face training session.

### Optional Training

MSD recommends that you complete the following optional training:

Practical Insertion and Removal Training facilitated by a MSD representative at your practice. You will practise inserting and removing an IMPLANON NXT implant in a training arm. Allow 30 minutes for this training session. Register by calling 1800 230 330.

MSD will advise of further training opportunities as they become available.
